# TeleMessage

### **MOBILE ARCHIVER**

# Microsoft 365

## **Mobile Archiver for Microsoft Compliance**

Capture and Archive Mobile Communication: SMS, MMS, Voice Calls, WhatsApp and more

Comply with: FINRA, SEC, MiFID II, HIPAA, REMIT, Public Record Laws, FOIA and more

Choose Any Combination of Mobile Archiving Methods for BYOD and Enterprise Phones

### Text Messages and Calls including SMS, MMS, Voice Calls

#### Network Archiver

- Messages and calls are captured directly from the mobile carrier network
- Can work for legacy phones. Enterprise only, not for BYOD

#### Enterprise Number Archiver

- Employee installs an app with a company provided enterprise number on their mobile
- All chats and calls over the Enterprise Number are being captured and archived

#### Android Archiver

- A lightweight agent is installed on the employee's Android device
- SMS, MMS and calls are seamlessly uploaded to the company archive

#### **Voice Call Archiver**

- Archive regular mobile calls on your native mobile number
- Forward and route mobile calls via a TeleMessage recording gateway

### Mobile Instant Messaging Chats and Calls: WhatsApp, WeChat, Telegram, Signal

#### WhatsApp Archiver

- Archive WhatsApp calls, text, chats, images, files and deleted messages
- Works for WhatsApp on your mobile, or with WhatsApp Web and WhatsApp Desktop

#### **Telegram Archiver**

- Archive Telegram text, chats, images, files and deleted items
- Works for Telegram on your mobile, on the web or on your desktop

#### WeChat Archiver

 Archive WeChat calls, text, chats, images, files and deleted messages

• Works with the Tencent WeCom app on your mobile or on your desktop

#### Signal Archiver

- Archive Signal text, chats, images, files and deleted items
- Works for Signal on your mobile or on your desktop

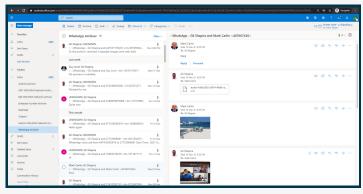

Choose any combination of mobile archiving products Seamlessly tore employee messages with Office 365

# **Benefits of running TeleMessage with Microsoft 365**

- Engage clients on mobile: Deepen client relationships and grow revenues
- Multiple mobile channels: SMS, MMS, Voice calls, WhatsApp, WeChat, Telegram and Signal
- Increase productivity: Make your workforce efficient and reachable anywhere
- Store and archive mobile communication centrally: In the Cloud or On-prem
- Search across channels by: email, phone number, device type, name, content & more
- Find, sort, verify and export information: by approved personnel
- Full administration: Reporting, audit, and retrieval capabilities
- Companies retain complete ownership: Data & mobile communication
